Creative Engineer || M.Sc. Computer & Information Science

TECHNICAL SKILLS

Creative Development

React Three Fiber (R3F) || Three.js || Blender || GSAP || Framer Motion

Frontend Architecture

React.js || Next.js 15 || TypeScript || Tailwind CSS || React Native (Expo)

Backend & Databases

Node.js || Express || MongoDB || PostgreSQL || MySQL || RESTful APIs

Tools & DevOps

Git/GitHub || Vercel || Clerk Auth

Languages

Spanish (Native) || French (Fluent) English (Fluent) || Chinese (HSK 3)

EDUCATION

MASTER OF SCIENCE IN COMPUTER AND INFORMATION SCIENCE

Hohai University

2023 - Expected 2026*

Focus: Distributed Systems & Latency Optimization.

BACHELOR OF SCIENCE IN COMPUTER SCIENCE

Liaoning University of Technology

GPA: 4.5/5.0 || 2019 - 2023

Thesis: Design and Deployment of a Responsive Social Media Platform (Full-Stack PHP/MySQL).

PROFILE

High-performance Full-Stack Developer and Graduate Researcher specializing in the intersection of 3D Web Technology. Expert in the React ecosystem, currently leveraging React Three Fiber (R3F), Blender, and GSAP to bridge the gap between functional engineering and immersive, spatial design. Proven track record of delivering award-winning platforms and optimized full-stack solutions.

PROJECTS EXPERIENCE

CulinaShare || Full-Stack Mobile Developer (MERN) March 2026 – Present

- Architected a cross-platform mobile application using React Native (Expo) and Express.js, integrated with The Meal DB API for real-time recipe discovery.
- Engineered a custom backend API hosted on Render with MongoDB, enabling persistent user data and "Favorite" synchronization.
- Implemented secure, industry-standard authentication using Clerk, ensuring seamless user onboarding and data privacy.

Freelance Creative Developer || 3D Web & E-commerce April 2024 – Present

- **Creative Portfolios:** Partnered with designers and drone photographers to build bespoke, high-performance portfolios using Next.js, focusing on optimized asset loading and smooth 3D transitions.
- **MalikaWearings:** Customized a high-conversion Shopify storefront using Liquid and CSS, resulting in a 30% improvement in mobile UI responsiveness.

ADDITIONAL INFORMATION

Volunteering

Environmental Sustainability Campaigner; focused on digital outreach.

Interests

Distance Running (Marathon prep), 3D procedural modeling, Strategic Gaming (Yu-Gi-Oh, Pokemon).

Lead Developer || National Award-Winning Educational Platform April 2022 – May 2022

- Led a cross-functional team to architect a Chinese Language Learning platform using React and Node.js.
- Achievement: Secured Third Place at the national level in the 15th China College Students Computer Design Competition.
- Optimized frontend performance, achieving a significant reduction in initial page load times for high-traffic educational content.
